## GEMINI UPDATE: INACTIVE MEMBER DISCREPANCY FIXED

December 2021

On November 24, 2021, [Employer Bulletin FY22-17](#) informed employers of a data issue as a result of an inactive member batch run that was part of the FY2020-21 Annual Report completion. As of yesterday, most of the issues resulting from it have been fixed.

- All but a very small group of data issues have been resolved. Approximately 99 percent of the errors have been resolved through IT fixes and the final few are currently being worked on.
- For those employers who currently have “In Progress” reports currently, the errors caused by this inactive member batch run have been cleared. Therefore, assuming you have no other errors to address, your reports that were previously “stuck” will now be ready to complete. You do not need to void or refresh data in your report to move forward.

As always, our apologies for any inconvenience. If you have any questions, contact the Employer Services Department at [employers@trsill.org](mailto:employers@trsill.org) or (888) 678-3675.
