Release Version: 2.16.3 – feature enablement

Release Date: 2/24/2023

External Release Notes

We are continually striving to improve the Gemini experience for you. Your feedback, received through our [weekly employer forums](#) or communications with Employer Services or Accounting staff, is incorporated into the application as it is developed. Gemini System Updates are provided with each new release to keep you informed by providing a summary of new features, improvements to existing features, resolved issues and known issues in the latest version of Gemini. Occasionally we may also include "tips and tricks" or "coming soon" items as well.

What's New:

Beginning February 24, 2023, you will now be able to submit multiple reports with payment regardless of report type on the same day. Previously, Gemini limited reports and payments to one per day per report type. This change offers flexibility and solves issues for those who may need to "catch-up" in a more efficient manner. (*TRS Reference #120511*)

Coming Soon:

We have heard your requests for the ability to post date your payments. The team is actively developing this enhancement and intends to deliver this option in an upcoming release.

If you have questions, concerns or feedback you would like to share, please email employers@trsil.org for reporting items or accounting@trsil.org for accounting items.
