What's New

Supplemental Savings Plan (SSP) Pay Period Edits

To provide better error messaging and resolution when a district attempts to submit SSP Member Contributions for a member not currently enrolled in the TRS SSP, the following fatal edits were separated:

- A new edit **ER5085** has been created that will trigger if the district attempts to submit SSP member contributions for someone who has never been enrolled in the SSP.
- **ER4031** will trigger if the district attempts to submit SSP member contributions for a member who has an SSP enrollment that is not effective for the pay period being reported. Resolution messaging has also been updated for clarity.

Informational edit **ER5086** has been created to inform districts when, based on TRS data, the reported member with a SSP Member or Employer Contribution is close to reaching the 457(b) IRS limits for the current calendar year. This is intended to assist with contribution limit monitoring. (*TRS Reference #s: 111805, 128478, 133538*)
