The TRS SSP launched in January with deferrals beginning in March.
TRS set a September 30, 2022, deadline to adopt the SSP.

Deferred Compensation Plan Committee became a standing committee of the TRS Board.

September 2021

TRS and employers transitioned to pay-period reporting via Gemini.

January 1, 2023

Automatic enrollment of new TRS members begins.

TRS Supplemental Savings Plan Overview

- **The SSP is a 457(b) retirement savings account that:**
 - Is voluntary for eligible TRS members;
 - Is designed to supplement a member's TRS pension – not replace it;
 - Offers both pre-tax and Roth savings options;
 - Allows members to choose deferral amounts and make investment choices; and
 - Was designed by TRS to offer a competitive, cost-effective plan with an array of diverse investments.
- **SSP Eligibility and Participation**
 - Active TRS members who are full-time or part-time contractual employees are eligible.
 - Only eligible members whose employer has formally adopted the SSP can participate.
 - Substitutes, part-time non-contractual (hourly), extra duty only, retired and inactive members are ineligible for the SSP.

TRS Supplemental Savings Plan Overview

- **Employee contributions:**

- Employees may contribute on a Pre-tax or Roth (After-tax) basis, which determines the *Contribution Category* within Gemini.
- Employee enrollments are processed at Voya and reported to employers on the *SSP Deferrals Report*.

- **Employer contributions:**

- Discretionary matching – contributions made by the employer that are related to the participant's contributions to the SSP or another retirement plan.
 - ✓ 09 = SSP Pretax Employer Match
- Discretionary non-elective contributions – contributions made by the employer that are not related to the participant's contributions to the SSP or another retirement plan.
 - ✓ 10 = SSP Pretax Employer Non-Elective

- **IRS contribution limits include both Employee and Employer contributions.**

The Employer's Role in the SSP

- **Accurately report active members' employment information.**
 - Stay current with Defined Benefit (DB) reporting to TRS through Gemini.
 - Eligibility for the SSP is determined by DB reporting.
 - Inaccurate reporting of employment information in DB directly impacts eligibility for the SSP.
- **Timely and accurately process and remit SSP contributions in accordance with TRS guidance.**
 - "All employers must comply with the reporting and administrative functions established by the System and are required to implement the benefits established under this [Section](#)." Employers should not create paperwork for employees to participate or opt out of the SSP.
 - SSP deferrals should be reported **as soon as administratively possible** after being withheld from payroll, in accordance with 457(b) and [SSP Plan](#) rules.
- **Monitor SSP participants' 457(b) plan contributions for all 457(b) plans maintained by the Employer.**
 - IRS annual 457(b) contribution limits include both Employee and Employer contributions.
 - Contributions to a 403(b) plan do not limit how much an employee can contribute to the SSP.
 - Annual limits can be found at [Contributions Rates and Earnings Limitations](#) on the TRS Employer's website and are updated annually. See Exhibit A (slide 25) for current SSP Contribution Limits.

TRS SSP Automatic Enrollment

- Automatic enrollment into the SSP for eligible TRS members starts January 1, 2023.
- Automatic enrollment is required by [40 ILCS 5/16-204](#):

As soon as is practicable on or after January 1, 2022, the System shall automatically enroll any employee who first becomes an active member or participant in the System. A member automatically enrolled under this Section shall have 3% of his or her pre-tax gross compensation for each compensation period deferred into his or her deferred compensation account, unless the member otherwise instructs the System on forms approved by the System. A member may elect, in a manner provided for by the System, to not participate in the defined contribution benefit or to increase or reduce the amount of pre-tax gross compensation contributed, consistent with State or federal law. A member shall be automatically enrolled in the benefit beginning the first day of the pay period following the member's 30th day of employment. A member who has been automatically enrolled in the benefit may elect, within 90 days of enrollment, to withdraw from the benefit and receive a refund of amounts deferred, plus or minus any applicable earnings, investment fees, and administrative fees. Any refunded amount shall be included in the member's gross income for the taxable year in which the refund is issued.

TRS SSP Automatic Enrollment: WHO?

Who will be automatically enrolled in the TRS SSP?

Employees first employed in a TRS-covered position on or after January 1, 2023, and employed by an SSP participating employer will be automatically enrolled in the SSP.

- Full-time or part-time contractual employees;
- **First** employed in a TRS-covered position on or after January 1, 2023; and
- Employed by an SSP participating employer.

Who will not be automatically enrolled in the TRS SSP?

TRS members first employed in a TRS-covered position prior to January 1, 2023, are not eligible to be automatically enrolled in the SSP and will need to take affirmative steps to enroll to participate in the SSP.

- Current employees (prior to January 1, 2023) in a TRS-covered position;
- Substitute, part-time hourly or extra duty only employees;
- New hires or rehires previously employed in a TRS-covered position; or
- Employees of an employer not participating in the SSP.

TRS SSP Automatic Enrollment: WHAT?

What does it mean to be automatically enrolled in the TRS SSP?

It means:

- **3% of the employee's pre-tax [compensation](#)** will be withheld and deposited into their SSP account each pay period.
- Contributions will be **invested in the Plan's designated default investment option**, which is the Target Date Retirement Fund closest to the employee's expected retirement date at age 65 based on date of birth.

What should be included and excluded from an employee's pre-tax compensation if they are automatically enrolled (or enroll for a %)?

The definition of [compensation](#) is different than TRS Earnings, but should generally be the same as other 457(b) or 403(b) plans you may offer.

The left column in the [Summary of Compensation](#), available on the TRS' Employers SSP website, is the general definition of compensation, but the "Includes" and "Excludes" columns provide examples to help you calculate compensation correctly. Please remember, the percentage should apply to compensation for **all** services provided by the employee to his or her employer, including non-teaching employment.

TRS SSP Automatic Enrollment: WHEN?

When are employees notified they will be automatically enrolled in the TRS SSP?

When you report a new employee for the Defined Benefit Plan (DB) via Gemini (after their first paycheck), their information is sent to Voya and eligibility for automatic enrollment will be determined. Approximately 7-10 days after, they will receive PIN information via mail and a separate Automatic Enrollment Guide and Notice in the mail from Voya detailing their Automatic Enrollment Effective Date and SSP automatic enrollment options. If they do nothing, they will receive a Reminder Notice in approximately 15 days.

What is the Automatic Enrollment Effective Date?

The Automatic Enrollment Effective Date is at least 30 days from when they are first reported for DB and is the date by which the employee must opt out, make an affirmative election or otherwise be automatically enrolled in the TRS SSP. Once the Automatic Enrollment Effective Date passes, an Automatic Enrollment Confirmation will be mailed to the employee and the Automatic Enrollment will be added to the employer's *SSP Deferrals Report*.

If an employee is automatically enrolled in the SSP, what is their Contribution Effective Date?

The Contribution Effective Date will be indicated on the *SSP Deferrals Report* which also includes the employee's automatic enrollment deferral percentage.

TRS SSP Automatic Enrollment: WHERE?

Where do I see that an employee has been automatically enrolled in the TRS SSP?

The *SSP Deferrals Report* includes all SSP deferrals and changes, including automatic enrollments. Do not make any changes to an employee's SSP deferrals until/unless it is reflected on the *SSP Deferrals Report*. If an employee is automatically enrolled, there will be a "Yes" in the Auto Enrolled column.

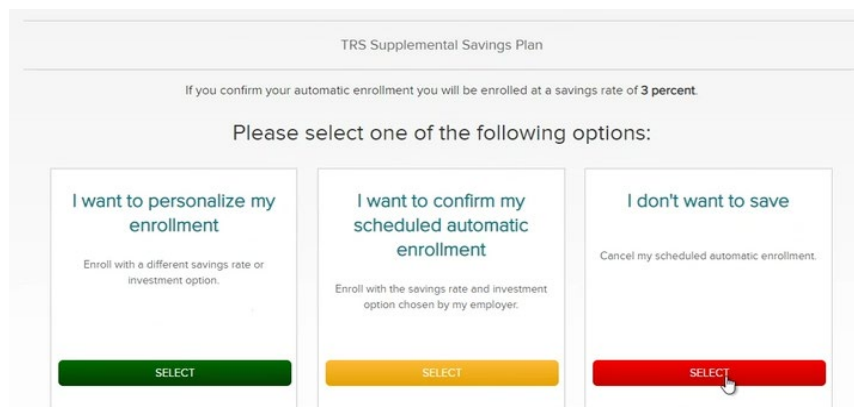

Where do I see that an employee has opted out of automatic enrollment in the TRS SSP?

Only employees enrolled in the SSP will be on the *SSP Deferrals Report*. If an employee opts out prior to the Automatic Enrollment Effective Date, they will not appear on the SSP Deferrals Report until/unless they enroll at a later date.

TRS SSP Automatic Enrollment: HOW?

How can employees that are eligible for automatic enrollment opt out of the TRS SSP or make another election?

- Employees can change their enrollment percentage, enroll at a flat dollar amount or opt out on or before their Automatic Enrollment Effective Date at trsilssp.voya.com or 844-877-4572.

The screenshot shows the 'TRS Supplemental Savings Plan' interface. At the top, it states: 'If you confirm your automatic enrollment you will be enrolled at a savings rate of 3 percent.' Below this, it says 'Please select one of the following options:'. There are three selectable options, each with a 'SELECT' button:

- I want to personalize my enrollment**
Enroll with a different savings rate or investment option. (Green button)
- I want to confirm my scheduled automatic enrollment**
Enroll with the savings rate and investment option chosen by my employer. (Yellow button)
- I don't want to save**
Cancel my scheduled automatic enrollment. (Red button, with a mouse cursor hovering over it)

- If an employee that is eligible for automatic enrollment does nothing, they will be automatically enrolled in the SSP at 3% of pre-tax compensation on the Automatic Enrollment Effective Date.
- If an employee personalizes their enrollment or opts out by the Automatic Enrollment Effective Date, they are removed from the automatic enrollment process.
- If an employee that opts out of automatic enrollment wishes to enroll at a future date, they can personalize their election at trsilssp.voya.com or 844-877-4572.

TRS SSP Automatic Enrollment: WHAT IF?

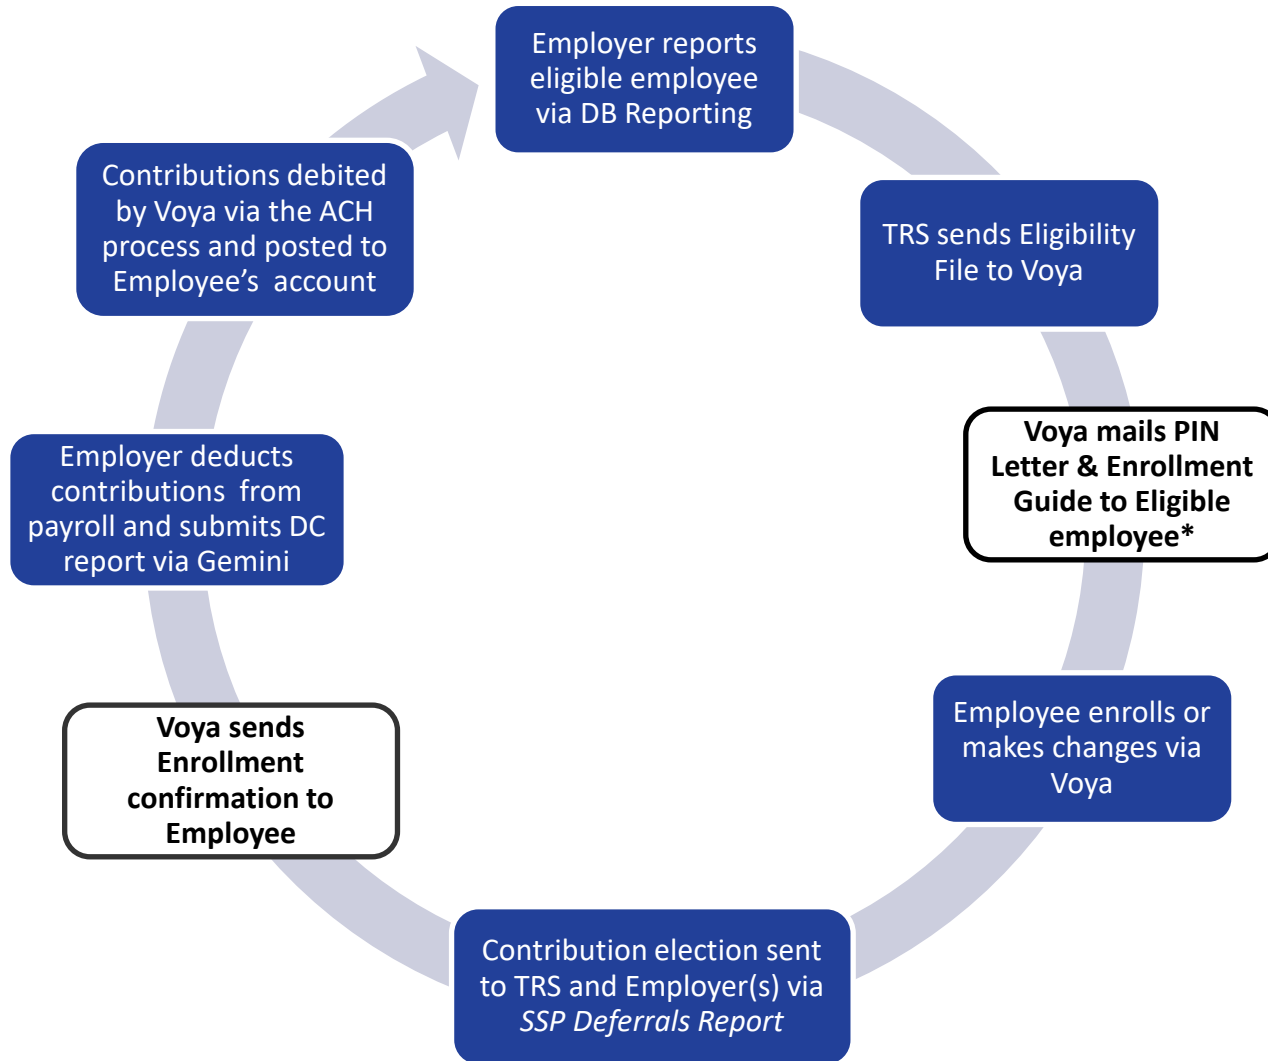

What if my employee is automatically enrolled in the TRS SSP and doesn't want to be?

If an employee has been automatically enrolled, contributions are effective the first pay period beginning on or after the Contribution Effective Date. Once initiated, employees may elect to stop contributions at any time at trsilssp.voya.com or 844-877-4572.

If an employee does not wish to participate in the SSP but fails to opt out of enrollment prior to their Automatic Enrollment Effective Date and a contribution is taken, they may request a withdrawal of any contributions* made to their account, adjusted for any investment gains/losses and fees. The Permissible Withdrawal request must be completed **within 90 days** of the initial contribution to their SSP account. Should they choose to take a Permissible Withdrawal, their contribution rate will be changed to 0%. Permissible Withdrawals must be requested at trsilssp.voya.com or 844-877-4572 and are handled by Voya, not through the payroll process.

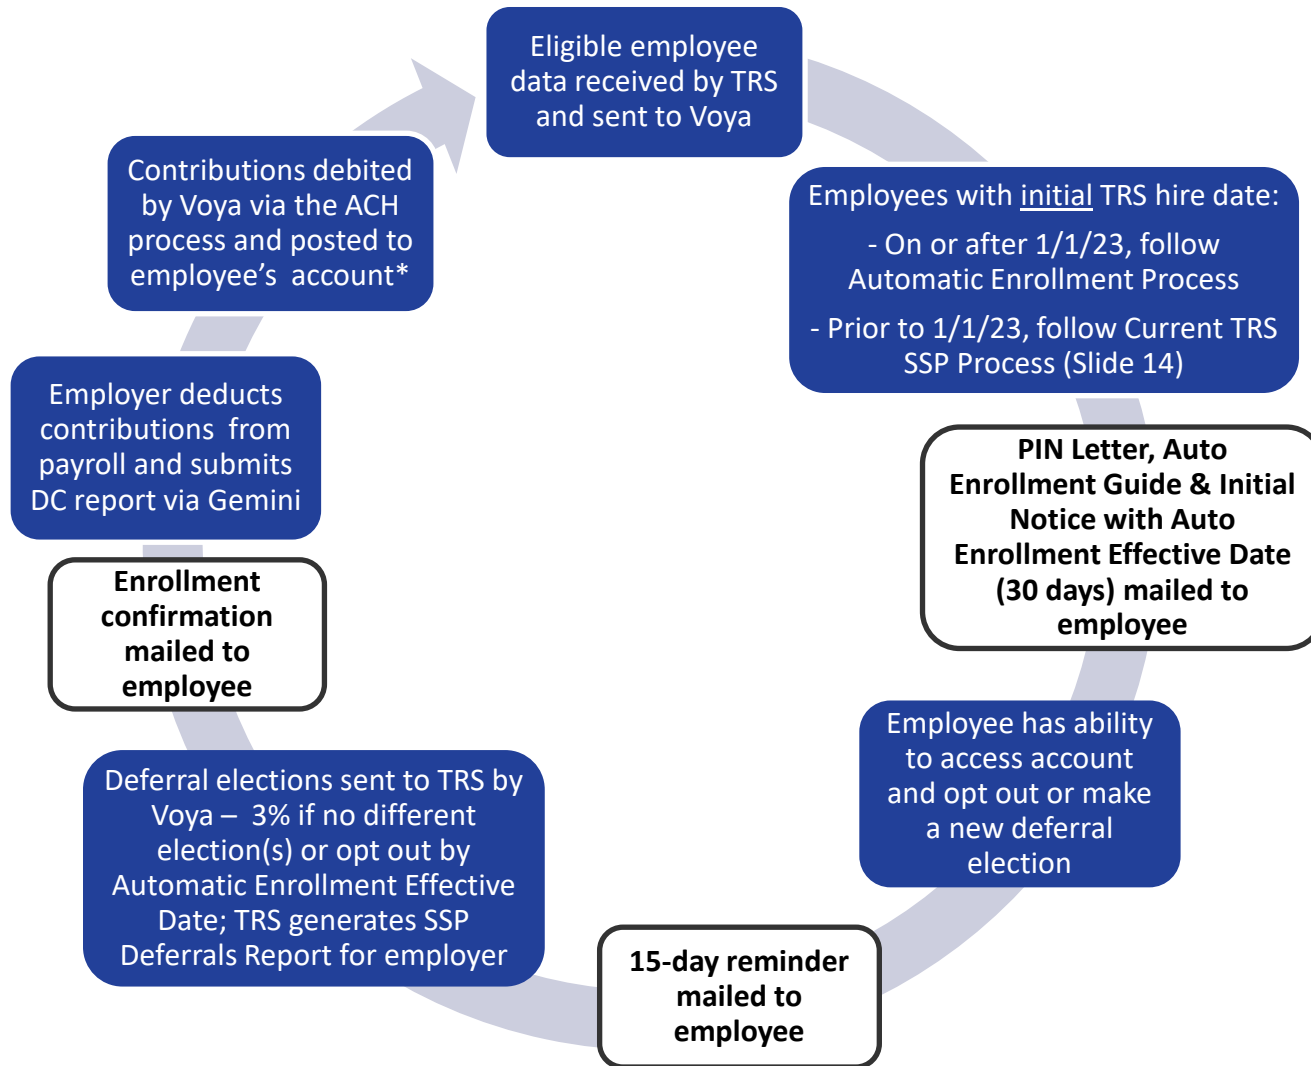

**Employee forfeits employer matching contributions when a permissible withdrawal is paid.*

Current TRS SSP Process

*Upon initial eligibility; Notice and PIN reminder sent to rehires.

TRS SSP Automatic Enrollment Process

*In accordance with [40 ILCS 5/16-204](#), automatically enrolled members have 90 days to withdraw from the benefit and receive a refund of amounts deferred, plus or minus any applicable earnings, investment fees, and administrative fees.

- **SSP deferrals must be processed in your payroll system.**
