External Release Notes

We are continually striving to improve the Gemini experience for you. Your feedback, received through our [weekly employer forums](#) or communications with Employer Services or Accounting staff, is incorporated into the application as it is developed. Gemini System Updates are provided with each new release to keep you informed by providing a summary of new features, improvements to existing features, resolved issues and known issues in the latest version of Gemini. Occasionally we may also include "tips and tricks" and "coming soon" items as well.

Improvements

Replication Now Excludes Special Pays

During replication for both DB and SSP reporting, if the last posted report contains pay periods that are all marked Special Pay, Gemini will replicate from the last posted report that has pay periods not marked as Special Pay. If the last posted report contains both Special Pay and regular pay periods, Gemini will replicate from that last posted report, but Gemini will only replicate regular pay-period records and will not replicate the Special Pay records. (TRS Reference #112759)

If you have questions, concerns or feedback you would like to share, please email employers@trsil.org for defined benefit reporting items, SSP@trsil.org for SSP-related items or accounting@trsil.org for accounting items.
